

AQUA HEALTH in association with Gauteng Environmental Services

ALGCLEAR

ALGCLEAR is an industrial strength pond, dam and wetland treatment against algae. *ALGCLEAR* is a 100 % environmentally friendly product, safe for humans, animals and plants.

ALGCLEAR is a three in one product. *ALGCLEAR* will kill bacteria, algae and will soften and decalcify the water. *ALGCLEAR* will flocculate the impurities in the water.

ALGCLEAR will stay active indefinite. This characteristic makes it a highly effective product. *ALGCLEAR* is non-corrosive. As long as there are product left to react to impurities it will be active and wont break down like other products.

ADVANTAGES OF ALGCLEAR

- ◆ Water treated with *ALGCLEAR* is safe for humans, animals and plant life
- ◆ *ALGCLEAR* is non toxic and not poisonous
- ◆ *ALGCLEAR* will flocculate water
- ◆ *ALGCLEAR* will dis-infect water
- ◆ *ALGCLEAR* will de-calcify water

GENERAL APPLICATION

- ◆ Treatment of pond, dams, raceways and breeding ponds
- ◆ Clarify water in pond, dams, raceways and breeding ponds
- ◆ Dis-infects water in pond, dams, raceways and breeding ponds

DOSING METHOD

- ◆ *ALGCLEAR* must be diluted as per specification for the specific application.
- ◆ *ALGCLEAR* must be diluted with pond water and distributed evenly.
- ◆ *ALGCLEAR* must be blended in with water and not poured into one place.
- ◆ *ALGCLEAR* can be sprayed on as a first step to kill algae, bacteria and fungus.

DILUTIONS

- ◆ 1 Litre *ALGCLEAR* to 50 000 litters water (1 : 50 000)
- ◆ If the organic load is high another dosage could be necessary
- ◆ PLEASE be precise and careful when calculating the size of your pond or dam
- ◆ DO NOT OVERDOSE ! Although the product is environmentally friendly over dosage could be harmful to aquatic life
- ◆ If any other product has been used in the past 7 to14 days, DON'T DOSE before consulting with your distributor
