GT

GREASE DIGESTANT BLEND

GT is a natural biological treatment product, design for the food service industry, to digest the organic wastes, grease, fats and oils that accumulate in grease traps and drain lines.

GT is a live synergistic blend of all natural, Class 1 bacteria specifically chosen for their accelerated ability to metabolize solids, dyes, grease, fats, proteins, lipids and detergents into carbon dioxide and water.

GT are completely natural, non-engineered, non-pathogenic, non-toxic bacteria that are chosen for their safety value.

GT reduces maintenance of the grease trap and reduces the necessity to pump or clean it by as much as 80%.

GT will also eliminate foul odors associated with the buildup of organic waste, especially the rotten egg odor of hydrogen sulfide.

GT WILL DIGEST

- ⇒ **DETERGENTS**
- ⇒ **LIPIDS**
- ⇒ **PROTEIN**
- ⇒ **GREASE, FATS & OILS**
- ⇒ **STARCH**
- ⇒ **CELLULOSE**

GENERAL AREAS OF APPLICATION OF GT

- ⇒ **HOTELS**
- ⇒ **SHOPPING MALL'S**
- ⇒ **CAFETERIA / CANTEEN**
- ⇒ **DOMESTIC**
- ⇒ **CONFERENCE / WEDDING VENUES**
- ⇒ **GAME LODGES**
- ⇒ **FAT TRAPS**
- ⇒ **GULLEYS**
- ⇒ **FAT PITS**
- ⇒ **DRAIN LINES & PIPES**

CHARACTERISTICS OF GT

- ⇒ **SAVES MONEY**
- ⇒ **ENVIRONMENTALLY FRIENDLY**
- ⇒ **CONTAINS ONLY NATURAL ELEMENTS**
- ⇒ **REDUCE PUMPING**
- ⇒ **MINIMISE COSTS**
- ⇒ **100% NATURAL**
- ⇒ **NEUTRALIZE FOUL ODOURS**
