

## **AQUA HEALTH in association with Gauteng Environmental Services**

### **TIKGO**

**TIKGO** was specially developed for the treatment and curing of ticks and fleas on animals. **TIKGO** is totally safe to use and environmentally friendly.

### **General Working**

**TIKGO** don't kill the ticks or fleas but will sterilize their eggs so that the cycle stops after the treatment. **TIKGO** will irritate the ticks and fleas and will cause them to abandon the animal. This makes **TIKGO** a highly effective but totally safe product for humans, animals and plants.

### **General Use**

- ◆ Control of ticks and fleas on animals

### **Dosing Method**

- ◆ Cattle-dip : The animals are dipped in the solution
- ◆ Spray : The animals can be sprayed
- ◆ Solution can be used with feet dips (sheep and goats)

### **Dilutions**

- ◆ Dipping animals – 1 : 20 000
- ◆ Spraying animals – 1 : 15 000
- ◆ Feet-dips –1 : 20 000
