

# ***AQUA HEALTH in association with Gauteng Environmental Services***

## ***WORMGO***

*WORMGO* was specially developed for the treatment of and de-worming of animals. *WORMGO* is also used in treating of animal drinking water. *WORMGO* is totally safe to use and environmentally friendly.

### ***General Working***

*WORMGO* will sterilize water troughs and drinking places. *WORMGO* will sterilize the area around the mouth of the animal thereby eliminating diseases caused by pathogens entering the mouth of the animal. Because the animal drinks the *WORMGO* in the water, it will automatically cure the area in and around the mouth. *WORMGO* is a highly effective but totally safe product for humans, animals and plants.

### ***General Use***

- ◆ Curing of worm infected animals
- ◆ De-worming
- ◆ Eliminating disease before entering the mouth of a animal

### ***Dosing Method***

- ◆ Add to the water troughs and drinking places of animals
- ◆ Product can also be added to the tank, dam or reservoir

### ***Dilutions***

- ◆ For drinking water 1 : 10 000
- ◆ For de-worming 1 : 5 000
